

EP SERIES

error-proofed

SOCKET TRAYS

AAE has been manufacturing EP socket trays for over 10 years. Our socket trays simplify error proofing and are plug & play for fast set up.

Plug and play with all leading

DC controllers / tools.

- High value, cost effective
- Solid-state switching with heavy-duty cable
- Error-proofed design (each socket and/or bit fits into its own nest)
- Use with bits or sockets
- Optional Poke Yoke lights
- Plug & play with leading DC controllers/tools
- Three-year warranty

Wireless version
